A program of the Georgia Public Library Service, Georgia Library PINES is the public library automation and lending network for 265 libraries in 127 counties. PINES creates a statewide "borderless library" that provides equal access to information for all Georgians. Georgians with a PINES library card have access to materials beyond what is available on their local shelves and enjoy the benefits of a shared collection of 8.5 million books and materials that can be delivered to their home library with no charge to the library user.
